### Candidate Information:

I want the residents to know that serving as their Alderperson has been and will always be the honor of my life. Being appointed this past May to fill the seat left vacant from the loss of beloved Alderman Hagarty was something that I took on with the utmost respect. His love of O'Fallon and deep community involvement was something that I wanted to make sure continued and something I keep as my overall focus in serving.

I am a lifelong resident and feel so lucky to call O'Fallon home. I graduated from OTHS and then McKendree University, with a bachelor's degree in Sociology. I have over 16 years working in the legal field. First, as a records clerk and dispatcher at the O'Fallon and Shiloh Police Departments and currently at Ameren supporting the Compliance and Ethics team.

However, I am most proud of my community involvement. I am a member of various local organizations, which allows me to understand the needs, fears, and joys of our community. I regularly interact with residents throughout the city, which gives me a more well-rounded view of who O'Fallon is and where we want to go. Additionally, through the close relationship I have formed with Ward 3 co-alderperson Roy Carney and the use of diverse communication methods, I am able to quickly and efficiently address concerns of the residents and get them answers.

Into the future, I want to remain mindful of the sustainability of the Downtown District, the ever-evolving needs of our Public Safety Department, and the overall financial health of the city. So, if you want an Alderperson with boundless energy, who is always ready to help, who carefully researches issues, respectfully listens to all viewpoints, and deeply cares about residents then please VOTE FOHNE on April 4th!
