I have had the privilege of serving as Village Trustee the past four years. During this time, I have had the opportunity to work alongside the Mayor and other Trustees for the betterment of Shiloh.

As a growing community inside a larger metropolitan area, it is important that we work with the County and our neighboring communities as the area continues to develop. It is also important that we balance our sense of community and preserving our neighborhoods as we work to attract new business and stimulate economic growth.

As Chair of the Planning & Development Committee, I have heard the concerns of residents during the Public Hearings while listening to prospective businesses outline their visions. I understand what it takes to be pro-business while also protecting our neighborhoods.

Having served as President of the Shiloh PTO for the past four years and volunteering in various youth sports, I have been actively building a better future for the next generation. Building a better future for Shiloh starts now and that is why I have been so supportive of a new Police Department. This is also why I have pushed for the annexation of additional land along key travel corridors so that we can drive further economic development.

I have learned a lot of the last four years and I continue to grow as a Trustee. Serving as Planning and Development Chair and in various volunteer roles gives me the experience to help lead our Village these next four years. I would appreciate your support and ask the you vote Jason Holzum for Shiloh Village Trustee on April 1st.
